

# Mortality Project Mapper Login Request

The Mortality Project Mapper application requires a login for access. This login is specific to each entity utilizing the editing features of the application. Once logged in, the editing capabilities are restricted to features created by users logged in with that specific login (ie, restricted to that individual entity).

If your entity does not yet have it's own login and you require one, please fill this form and send it to the appropriate representative who will confirm and route the request accordingly.

Northern Region Representative	Southern Region Representative
Gabe Schultz Gabriel.Schultz@fire.ca.gov (530) 224-2486	Jeff Isaacs Jeff.Isaacs@fire.ca.gov (559) 243-8996
