

PG&E Wood Management Scope

Criteria:

Where wood is reasonably accessible by equipment/machinery plus:

- Wood is greater than 4 inches in diameter and 6 feet in length

AND one of the following:

- Wood is within **50** feet of a permanent structure. This does not include moveable or temporary sheds and outbuildings or carports.

~OR~

- Wood has the ability to impede traffic or roll into roads or road drainage structures or watercourses.

The wood cleanup options have not changed as part of this revision. The options are as follows:

- Move, cut or pile wood on the property.
- Chip and spread wood on site (diameter is dependent on chipper size).
- Load and haul wood away off site.
